present Alberta at Toronto in March.

M. L. Strickland, of the Royal club, qualified to meet Stewart at Maclean, the final of the Alberta curling championship here Saturday by defeating Cliff R. Manshan 12-11 at the Royal rink Friday morning.

It was the second straight victory for Strickland over his club-mate and skipper of the Dominion championship rink which captured

written judgment forwarded to the city by Mr. Justice Ewing from Lethbridge. It is one of the largest awards ever awarded in the Alberta courts.

Mr. Justice Ewing presided at the hearing of the damage action in Edmonton, and all *five defendants*

The defendants are: North Star Oil Company Limited, and an employee, Ronald L. M. Hart; Gillespie Grain Company Limited, George Colby, employee of the grain company, and a friend of the latter.

named Alex Wilkie, who was actually driving the Gillespie grain truck which was involved in the accident with a North Star car driven by Hart. Kuproski was a passenger with Hart at the time of the fatal crash.

Neil D. Maclean, K.C., and H. A. White, acted for M. J.

Defendants were represented by the following counsel: H. A. Dyde and S. C. S. Kerr for the oil company and Hart; Sidney Wood and Hugh John Macdonald for the grain company and the two personal defendants in the grain company's

CANADA GOLD MUST BE SOLD

OTTAWA, Feb. 23—The day the Bank of Canada commences operations chartered banks will be required to turn over to it all gold coin or bullion owned by them in Canada. This will be bought at

the current rate for gold, but the profit from any advance on the standard rate of \$20.67 per ounce will be turned into the consolidated revenue fund of Canada.

There is an exception to this in the case of gold held by banks against liabilities elsewhere than in Canada, when the profit, if any,

Plan Meals in Advance To Save Time and Fuel

By SISTER MARY

Everyone enjoys good food, good things to eat, but good food does not necessarily mean rich or particularly expensive cooking. Good cooking is the skill of making good food and the first essential of good food is the skill of the cook. The cook plays an important part in the cost of meals. The woman who can take the simplest sort of materials and cook them to perfection can serve an inviting meal. Next in importance to good cooking comes consideration for family tastes as a means to ward economy in meal planning. Adults formed cannot be made to eat foods they do not like. The housewife who tries to do this wastes food on her hands. This in turn means wasted money, time and effort to say nothing of disgruntled feelings. Children whose tastes are being taught to eat a variety of foods.

USE FOODS IN SEASON

One of the surest and easiest means of economy in meal planning is the regular use of seasonable foods. Although the markets offer all kinds of goods throughout the year, the cost varies at different seasons. Long distance shipping, involving the necessity of refrigeration or applied ice, increases the price of foods shipped from other countries. While these foods are desirable from the standpoint of good nutrition and the variety they add to the dietary, their price economy must be practiced. Choose fruits and vegetables can be substituted.

Tomorrow's Menu

Breakfast: Toasted prunes, cereal, cream, waffles, maple syrup, milk, coffee.

Lunch: Veal and macaroni salad, fried potato, egg salad, milk, tea.

Dinner: Stuffed and baked chicken, mashed white turnip, baked beef, applesauce, pudding, milk, coffee.

Beauty at Fifty Comes from Soul

It has been said that we make our faces by the way we are. So that is a doctrine to which most women not only subscribe but which they earnestly and audaciously try to put into practice. It is a doctrine in fact that every beauty shop in the land is filled with women laboriously and painfully trying to make themselves over according to their hearts' desire.

The trouble with them, however, is that they go about it in the wrong way. They begin at the wrong end. They pin their faith to facial and permanent waves and plucked eyebrows and vanishing creams and tissue builders and rouge and lipstick, which are all in enough in their way of making the cucumber is bound to call down Heaven's vengeance on those who make like and come bloom on rallow cheeks and turn lanky, uncolored hair into golden ringlets, but that is not enough. It isn't even the way to be beautiful when you are 50.

Dorothy Dix

A peach-and-cream complexion and a slender may constitute prettiness, but a young girl and make her attractive, because we don't expect anything of her except to be easy on our eyes. We don't look for any profound depths of character in her, or expect her to be an exciting conversationalist. It is enough if she is pretty.

As for most of cosmetics nor hair dye nor banding can make an old woman beautiful. When she strives herself to thinness, she becomes merely a rattle of rattles. The more cosmetics she slaps on her countenance, the more she emphasizes her defects. Every 20-year-old woman is a ruin advertising her loss of youth and good looks.

Marks Twentieth Day
PROVOST, Feb. 23.—Mr. and Mrs. Stenstrom of Eye Hill were honored on the occasion of their twentieth wedding anniversary recently when a number of relatives and friends gathered at their home, and showered them with gifts of china.

Games and dancing were arranged for the evening. What was played, the prizes going to Mrs. Joseph Thompson, Mr. D. Thompson and Mrs. W. Ruttan. Miss Nellie Stenstrom, with the aid of the other women present, served supper.

Minute Make-Ups
By V. V.

And many a woman who was a beauty girl in her youth is hideous in age because she is so near and disgruntled looking, or because her expression shows how mean and little and tyrannical she is, or because she is so stupid in appearance.

So it is true that we make our faces by the time we are 50. Our thoughts and emotions are so deep that they model our features and give the lines of expression that make us either beautiful or ugly to the beholder.

At twenty it is our bodies we show. At 50 it is our soul, and they are what we have made them. This is not to say that they are warped and distorted and flabby by age and wrinkles. No sensible woman's face is so wrinkled and lined as the face of a child. It is the expression that gives it its beauty and its ugliness. It is the expression that gives it its beauty and its ugliness. It is the expression that gives it its beauty and its ugliness.

The Care Of Your Floor.

Most floors deserve proper care. Once or twice a year remove the old wax or polish with a good solvent which is nonexpensive. Never use soap and water on oil. After the floor is thoroughly clean, put on a thin coating of wax. Allow the wax to dry thoroughly. Then polish. They will remain bright and clean for a long while.

KING CAROL II.

Do your moods change rapidly? Is the heart when the head wears a crown? King Carol of Rumania, who has what is called a "peach-and-cream" complexion, is a product of his environment and inheritance. He grew up surrounded by the deep political consequences and romantic intrigue of the Balkans. He was made for political reasons and love goes running anywhere. With his healthy and his temperance, he is surrounded by the weight of more than a century. Carol came back to Rumania, and only time will tell whether he will be able to turn his urges for more romantic adventures.

METROPOLITAN LIFE PAYMENTS BREAK RECORDS

Dividends to Policyholders
for 1934 Third Largest
in History

A very satisfactory financial report for 1933 featured by a record-breaking total of payments to policyholders; an increase in assets; a declaration of the third largest dividend to policyholders in the company's history, is presented today by the Metropolitan Life Insurance Company to its more than twenty-five million policyholders.

The company is entirely mutual, having no stockholders. This report gives striking evidence of the reliance of the people of Canada and the United States on the security and protection of life insurance, as more than Two Billion Dollars has been paid by the Metropolitan Life to its policyholders and their beneficiaries during the last five years.

In 1933 \$65,200,432 was reserved for dividends to policyholders. The regular scale of dividends on premium-paying policies was the same as those of a year ago, including 1933 declaration, the Metropolitan since its organization has paid or credited a total of \$10,472,210 to policyholders in the form of bonuses and dividends. Of this amount, \$10,000,000 was earned and declared during the last four years.

Commenting on Canadian activities of the company, Third Vice-President Wright, Manager for Canada, said: "In 1933 we paid out more to our policyholders in the Dominion than in any year since we commenced business here in 1872. During the last five years the total amount so paid was \$187,644,475. It was also pointed out by Mr. Wright that investments of the Metropolitan Life in Canada had been increased during the year to \$24,038,406, and that the amount of Canadian business in force exceeded One Billion Dollars.

The total assets of the company were \$2,990,701,131, an increase of \$1,388,709,102. It was pointed out that one of the principal changes in the assets during the year had been an increase in the bond holdings—chiefly in Government, Provincial, State and Municipal bonds—and in the cash item, placing the company in an even more liquid position. A significant result of the year's operations was the demand for policy loans has greatly decreased, especially in the last few months.

The company's total income for the year was \$72,288,036. This was amply sufficient to meet all the demands of the year: to make payments to policyholders, to increase the necessary additional funds to reserve, and to pay the increase in the surplus fund to \$24,038,406.

An additional margin of safety is constituted in the contributions to Metropolitan policyholders and their beneficiaries, which named the half-million-dollar fund in 1932, surpassed even that record last year, when \$72,288,036 was disbursed in the form of death benefits, matured endowments, annuities, dividends, disability benefits, cash surrender values, etc. Of the total amount, \$15,086,874 was paid in settlement of death claims and well over \$600,000,000 in living policyholders. These payments averaged \$474.78 a minute for each business day.

The total income, interest and increased in 1933 was \$3,174,000,475. Of this amount, \$1,583,300,706 was in the Ordinary department, \$1,500,670,439 in the Industrial (premiums payable weekly or monthly), and \$69,629,330 in the Group. The record was held up at the average rate of 15,000 policies for \$10,312,227 per business day of the year.

The combined total of life insurance in force at the end of 1933—only two decades ago—after it had been doing business for nearly a half-century. A distinct increase over 1932 was registered in the Ordinary department—\$1,583,300,706 in 1933 against \$1,577,133,133 during the preceding year.

The total amount of Metropolitan Life Insurance in force at the end of 1933 was \$18,802,364,418, which was amply sufficient to assure the Metropolitan's continued supremacy among all life insurance companies. Of the total in force, \$9,008,500,410 was in the Ordinary department, \$8,424,460,000 in the Industrial, and \$379,404,000 in the Group. In addition, the Accident and Health Insurance in force totaled \$1,219,822,700, or principal sum benefit, and \$12,084,914 weekly indemnity. The number of life insurance policies represented by the total insurance in force was 4,660,517, including 1,852,614 lives covered by group policy.

The average of the company's business in 1933 was 2,500 per day in number of claims paid; 15,000 per day in number of life insurance policies issued and received; \$10,312,227 per day in life insurance issued, received and renewed; \$22,241.45 in payments to policyholders and additional to reserve; and \$302,012 per day in increase in assets.

ROSSENBERRY SPEECH COVERS MANY ISSUES

Pincher Creek Member
Finds Highway Control
Important

Government regulation of size and length of truck loads on highways and prohibition from highways between sundown and sunrise, and on highways of such loads as poles and oil-well casings, was advocated in the speech made today by Harvey Rosenberry, Liberal, Pincher Creek, in speaking in the debate on the Speech from the Throne.

Pointing on to a consideration of the auto license question, Mr. Rosenberry declared himself in favor of having the license year end on March 31. This might work a hardship on the people of the north, but the matter would right itself in time. Some provision could be made to allow these people a six months' license, he said.

"I have always maintained that what we call a license should be a restriction for," he said. "And it should be a nominal one at that, of \$5, \$8 or any car. No one can object to that, even in the north and in the cities and where we have our cars practically the year round, we would be paying in the way the gasoline tax."

"At present there is dissatisfaction among auto owners over the way the regulations have been changed every year, for several years past, and I trust the government will arrive at some satisfactory solution in the near future."

WET SEASON MENACE

"In dealing with the highways, I might say we have a very good system of highways in the south, although I am of the opinion they have cost far too much money. The department has had them open during the winter when it has been possible for us but that has been a little spent on maintenance for several years, that I am afraid we will have to have highways to look about if we should have a wet season."

"Dealing with the department of agriculture, I am of the opinion that it is time a new brand book was issued and that all brands must be recorded or registered. At present, there are many brands in the field, there are too many brands that have never been of home being shipped east. At present they are inspected at Moose Jaw or Winnipeg and in most cases this could be done more satisfactorily at the point of shipment."

MORE FAIR GRANTS

Mr. Rosenberry deplored the fact that Class B farms in this province were not being given the assistance they should receive in the way of government grants. If the minister is still spending as much money as he is in the department, I think he could well afford to help out these farms in the way of a grant.

"Too much interference by the education department in the way of a grant was charged by the speaker. 'It would cost the government a great deal more to change to too much of an autocratic system than to realize that he is a servant of the people of this province and not a dictator.'"

Turning his attention to the Alberta government telephones, Mr. Rosenberry stated that the very clear enterprise sponsored by this government, it had gone by the boards and in place of an equity of \$20,000,000, we now have a system of government telephones for \$10,000,000, mainly through lack of subject to the government made any effort to cultural system in years gone by in the cultural system. It is today a deplorable condition it is today.

"Turning his attention to the U.F.A. members in my constituency were of the opinion, and expressed this opinion openly, that if the U.F.A. came into power they would not have to pay telephone fees and some went so far as to say they would pay no taxes."

"Dealing from the 'nominal amount of telephone fees in arrears of the province, these people had reason for making the statements which they did make at that time.'"

FINANCIAL ISSUES

Turning his attention to financial matters, Mr. Rosenberry was not so thoroughly in accord with what has been said during the debate with reference to the reduction of interest rates on both public and private debt and I would like to go even further and suggest that these debts will have to be greatly reduced. Having been in the retail trade for more than 20 years, I am convinced that the majority of the retail merchants of this province, have considerable outstanding on my books and on account of conditions existing during the last three or four years, I am convinced that a large percentage of these obligations will never be met, so that we might as well get rid of them as to have a large number of them hanging around and have a reasonable adjustment, which will give the debtor a chance to pull through.

"The requests made by the retail merchants are reasonable and I trust the government will introduce legislation along these lines."

Roper Addresses Discussion Group

At Y.M.C.A. club rooms last night the Young Men's Economic Discussion group was addressed by Mr. Elmer E. Roper. The title of his speech was "How We Got That Way," and in his interesting talk he described his impressions of the manner in which the economic system of the day had been broken down. The general crumbling of former stable systems had forced administrators into a borrowing orgy, the money which the people had created being all gone, and a present outlook looking ill for debt payment. By the labor of the people huge surpluses had piled up, surpluses which a depressed system could not absorb.

Mr. C. L. Williams, vice-president of the group, was also a speaker. Mr. Roper was introduced by Mr. J. A. McPhee, president.

Figures that Speak

The Metropolitan Life Insurance Company presents figures from its Annual Statement for 1933 and makes comparisons which show how the Company has carried on during the five difficult years since 1928

THROUGHOUT a period of almost unparalleled worldwide depression the institution of Life Insurance on this continent has furnished an example of achievement that wins admiration wherever it is understood.

Between January 1st, 1929 and January 1st, 1934, the Metropolitan Life Insurance Company, which insures the lives of more than 25,000,000 persons—nearly one-fifth of the total populations of Canada and the United States—paid to its policyholders and their beneficiaries more than Two Billion Dollars (\$2,000,000,000).

During the same period, its policyholders contributed, through their premium payments, toward the increase of more than

One Billion Dollars (\$1,000,000,000) in the assets held for future distribution to themselves and their beneficiaries.

After payment, during that period, of more than Four Hundred and Fifty Million Dollars (\$450,000,000) by way of dividends to policyholders, the Company's surplus was increased by more than One Hundred Million Dollars (\$100,000,000).

These figures, of one company alone, are striking evidence of the reliance which the people of Canada and the United States place on the security and protection of life insurance.

Life Insurance is the most effective and satisfactory means of providing for the future of one's self and one's dependents.

Should War Be Kept a Secret From Its Clients ?

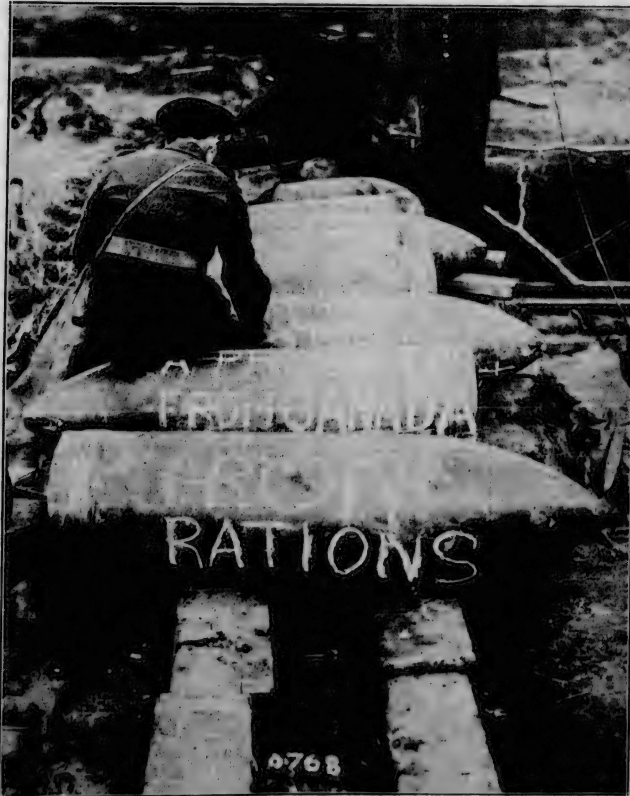

ALMOST LIKE A CANADIAN FARM—But these are Russians strewn about their own native land. Slain by German machine guns as they came galumphing across the snow to attack the Germans with their clumsy rifles and hearty cheers. One of the saddest parts of the war was the effort of ill-armed troops trying to do their duty against the efficient machinery of a well-armed foe. However, at the end, the Germans tasted this when the British pursued them with even the infantry equipped with two Lewis guns to every platoon of 36 men.

SIR ARTHUR—Taken in 1916, this shows Sir Arthur when he was just promoted to command the first division and before he had any idea of the power he was soon to wield.

AW, DON'T MIND THESE BOYS!—This was up at Ypres, in 1916, when guns and shells were not so commonplace. A few months later, even the regimental wags had worn out this joke. And the guns were hub to hub. And the shells were stacked along the roadside like acres of cordwood.

UNTO THE LEAST OF THESE . . .—In the background, upon His cross, in a shattered shrine, Christ turns His head aside! At His feet, humbly fallen, a wounded Canadian, and friend and foe kneeling beside him. Is not this photograph the ultimate rebuke, not to war, but to us?

DIES THURSDAY IN ACCIDENT

SAUT LAKE CITY, Feb. 23—Death came late Thursday to Calmar Andresen, 20, of Sault Lake City, Utah state amateur champion, within an hour after he had made his last thrilling leap from Ecker hill in Parley's canyon, 20 miles east of Sault Lake City. He died enroute to hospital here. A broken rib had punctured one of his lungs. Two thousand spectators saw the accident which occurred as Andresen was attempting to defend his record at the annual tournament of the Utah ski club.

One-Good Triumph Not Large Enough To Aid Soop Cause

By BILL LEWIS

A pair of goals from the sick of speeding Joe Brown carried Sturt's Superiors to a 2-1 triumph over Luscar Indians in the second clash of the two-game series for the senior amateur hockey championship of Northern Alberta at the Arena last night.

The victory was a hollow one, however, as the three-goal lead which Luscar took into the game as a result of their 4-1 triumph at Yarmouth Tuesday was enough to give them the round and the northern Alberta championship by a total score of 5-1.

The fast-breaking team from the mountain rimming town will meet Drumheller for the championship of the province and the right to advance into the Allan Cup playdowns.

JOE BROWN, speedy right-winger of Superiors, who scored both goals unanswered in the first period, was the last night in the final game of the Northern Alberta Senior Hockey League. Brown, who was expected to overcome Lacuara's three-goal lead, scored the first goal for the team from the mining town, gained the title.

Fine and Suspension For

Says Leitch

AUSTIN, Ore., Feb. 23—Fingerault, assistant general manager of the Portland Winter Hawks, says he has no intention of holding the determined local squad in hand at all times.

"If you have a good Pow, you have a lot of work by the attackers of the Stuurman, but he was a real tough guy to get through with, through with numerous brilliant passes."

Don Stuart, in the Soop goal, also had his share of action but he was not able to oppose the home-owners seemed lost and were in low form in the third. Walderberg, who had a few chances, was a real physical player. Walderberg being a local player, he was a real crowd puller. For Olds shared honors with their combination and stickwork. The local second string line was stuck in there and everywhere and was not able to oppose the home-owners.

Earlier in the day it was announced Manager, Rowe and two Bucks, Nap Metcalfe and Rusty and Lammie performing well on the defence.

Ammerling had been intensely disappointed that his team was not final, however, the suspension of the game left the spectators in the stands wondering what would happen. The referee withdrew his team from the ice and the referee called the game continued. But spectators of Metcalfe and Ammerling's team were disappointed. Carver Jack Bennett still hold record. It was a fast and exciting game as the **Tigers** defeated the **Rangers** by a brace of markers.

Only two men to beat and he was the only one to do so, Italy, pulling out the goals before tapping in the puck.

Two minutes later Hills went on a rush for Lucier, passed to him by the back of the net, back behind the Soop net. Kennedy recovered possession and slipped it to the back of the net, twine with his drive.

After that and the championship, the team went to the mining quiz.

THE SEN-FINALISTS FOR THE CANADIAN BADMINTON

Tournament Here Brings Out Many Great Struggles

J. G. Muir is Outstanding Player of Second Day in Title Meet

By NOEL R. RADFORD.
Holder of Many Dominion Titles
The second day of the provincial badminton championships produced some of the best badminton seen in Edmonton or the province for many years. If the semifinals bring forth some standard and everything goes to indicate even finer matches, the badminton scheduled Friday night will be the treat for the fans.

J. G. Muir was the outstanding player in a very fine day's play. He came through in the men's singles with two breast-breaking victories over C. Clark and K. Gibson respectively. Gibson is the Calgary champion. Muir's experience gained in many Canadian championship tournaments stood him in very good stead as he advanced through many rounds against the most formidable opponents in the province.

MEET IN SE. FINALS
The stage is set for the semi-final tonight with Fraser Mitchell of Edmonton, opposing R. Lucy of Calgary, in the top half of the draw. Mitchell, conqueror of Calgary, needs a win, in straight sets, and needs a hope over Lucy to be a finalist.

The bottom half of the draw sees Muir against the winner of the Robert-Bennett match. The Edmonton players are in the city if they possibly can.

The ladies singles event sees Miss Peggy Aiklen, the lone Edmonton representative, Miss Harcourt-Jones of Calgary, Mrs. D. Yorath and Mrs. M. Allen of Calgary, are the others.

ALL LOCAL DOUBLE
The men's double event is all Edmonton, three teams from this city reaching the semi-finals with one Vancouver team, J. G. Muir and H. Brown. Bradburn and Crawford, top doubles team of the Edmonton club and city champions. Hoar and Cooper, Nash and Roberts all turn in fine games to reach the semifinals.

The ladies' double event sees two teams from Edmonton and one from Calgary. The semi-finals. This event proved some fine battles during the day.

Muir mixed double event, Jack Muir demonstrated the value of tournament experience to good advantage. He was placed in the consolation and used his head to outplay the best of the consolation. Muir's strongest team, Miss B. Allen, "made Muir a splendid partner and deserved a great deal of credit for her excellent play in the consolation and used her head to outplay the best of the consolation and court strategy how he has been similarly situated a high peak in Canadian badminton.

The mixed event will produce some fine games before the finals are reached.

Semi-finals in all events will be played Friday evening at the Inglewood club. Blenders are being served to commemorate the occasion.

Rangers Put End To Long Winning Streak of Wings

NEW YORK, Feb. 23.—New York Rangers put an abrupt end to Detroit's great streak of 15 National Hockey League winning games Thursday night by turning back the American division leaders 3-1 in a brilliantly scored game before a crowd of 12,000. The victory left the Rangers only three points behind the Red Wings.

Jumping into a 2-0 lead in the opening period, Rangers forced the red shirts to open up and show the team that carried them to the top of their division. They played a great game the rest of the way, bailing out at goal after goal.

These New Afternoon Frocks Have Style!

Rarely to be Found at this Exceptionally Low Marking
The variety, the fashion details, will surprise and thrill you. Are they new? So new they've the Springtime details of boyish white collars — or pleated ruffling in plaid, in the Hepburn manner — starched organdies, perhaps — or huge crepe bows.
Seldom such a color range, either, save in the "expensive" groupings: black with white, and the companion darker tones — bright, vivid colorings — lively Spring tints. Fabrics worthy of at least one season of smart wear. Sizes to 46.
SPOTLIGHT SALE.
